

NEW

DOOR CLOSURE TESTER

From MECMESIN - AESIF

(Automated Entry Systems Installers Federation)

Mecmesin Ltd and AESIF are pleased to announce the new Digital Door Closure Tester. The system is rated up to 2500N and is capable of holding the maximum closure force on screen, giving results that are accurate to within $\pm 10\text{N}$. The system is portable, hand operated and easy to use with the option of sending data to a PC or statistical printer.
